MEMORANDUM FOR: The Comptroller

ATTENTION :

SUBJECT :

Proposed Notice [redacted] (Employee Services -

1. We are unable to concur in the draft of the proposed notice, subject as above. Attached herewith is our suggested revision.

2. While our objections are several, the more basic are that it purports to deal with legal points in such necessarily general terms as to make the statements meaningless, and that by repeated treatment of certain subjects it is somewhat prolix.

3. We believe that our suggested version more appropriately accomplishes the avowed purposes of the proposed issuance, although by a somewhat briefer form. We commend it for consideration.

Signed
